NUMBER 25

GOVERNMENT TO AID MISSION CREEK WORK

Province Will Share Fifty-Fifty With City In Outlay Up To Maximum Of \$8,000

At the regular fortnightly session of the City Council, held on Monday night, all the members were present.

Subdivision Plans
A rough sketch of a proposed subdivision of her property adjoining Graham Street was forwarded for the approval of the Council by Mrs. Jennie Lloyd.

Mr. H. A. Hakeborough, City Engineer, laid before the Council a plan of subdivision of Mr. G. R. Binger's property on Christleton Avenue.

Owing to certain questions of provision for extension of streets, lanes and other requirements, the plans were referred to Mr. Hakeborough with authority to effect such adjustments as he might deem necessary.

Transfer Of Better Housing Holding
An application having been received from Mr. Norman E. Day to take over the property held under the Better Housing Act by Mr. E. C. Harvey, a resolution was passed approving of the transfer.

Unsanitary Premises
Mr. H. Waldron attended to make complaint of the unsanitary condition of certain premises belonging to Mr. D. Leckie, adjoining the complainant's store. Garbage and refuse of all kinds, including vegetable peelings, had been piled in barrels behind the building since last July, and latterly had been emptied on the ground in a large pile. He had made complaint repeatedly to the medical health authorities, but nothing had been done.

Prompt enquiry into the matter was promised, and Mr. Waldron thanked the Council and withdrew.

Superannuation Scheme Adopted

A petition to be placed under the provisions of the Superannuation Act was received from the permanent employees of the City, with fifteen signatures attached. A formal agreement between the employees and the City, to be filed with the Civil Service Commission, was also presented. Everything being ascertained to be in order and in conformity with the Act, a resolution was put through authorizing execution of the agreement by signature of it by the Mayor and City Clerk and attachment of the civic seal.

Assessment Revision Court
By resolution, Wednesday, February 8th, at 10 o'clock, was set as the date of the Court for hearing appeals against the assessment for 1928 and revising and correcting the Assessment Roll. The whole Council will sit as members of the Court.

Government To Share Cost Of Mission Creek Work

The Mayor reported that, as the result of his visit to Victoria, the Government was quite willing to go fifty-fifty with the City on the work required to guard against damage from high water conditions in Mission Creek, provided the total outlay should not exceed \$8,000. Mr. Philip, Deputy Minister of Public Works, thought it best for the City to do the work, so as to avoid having two different bosses on the job, and send in an account to the Government for its share.

There was a good deal of misconception as to the extent of the work to be done, as some people had spoken to him who evidently believed that the City was to be dredged from the E. L. O. to its outlet into Okanagan Lake, and that the outlay might run to quarter of a million dollars. It was not proposed to do much more than to take out snags in the channel, drag them to the banks and secure them there, so that sand and gravel washing against them would help to form groynes for the protection of the banks. His own impression was that the total cost of the work should not run to anything like \$8,000, the maximum set by the Government. At the most, the City's share would be \$4,000, but it might not come to more than half of that amount. In order to maintain the channel in good condition, the channel should be cleaned out of snags every year.

Ald. Meikle expressed the opinion that the City should not have to bear any portion of the cost, as it was properly a matter entirely for the Government. If there was only one particular point in the banks at which danger threatened Kelowna, then the City might have good reason to do the work, but what they proposed to carry out was for the benefit of rural districts concerned as well as the City, and it would seem to be a matter of Government responsibility.

His Worship replied that high water in Mission Creek, if the channel was not in a condition to permit a free flow, was a menace to Kelowna, and it was distinctly in the interests of the City to have the work done.

Ald. Rattenbury agreed with the Mayor that yearly maintenance work was preferable to any large and costly scheme that aimed at a permanent solution of the problem. He considered that the Mayor should be congratulated upon the success that had attended his mission.

Ald. Meikle pointed out that, as the City Engineer had manifold duties to occupy him within the city, he would be unable to give continuous superintendence to the work on Mission Creek, and he therefore suggested that Mr. F. Swainson, Streets Foreman, could take charge of the gang, while Mr. Blakeborough could exercise occasional supervision.

The Mayor said it might be found necessary to take up this fall the work

THIRD CARD DRIVE OF DAUGHTERS OF ENGLAND

There was a large turnout on Thursday evening at the third of a series of card drives staged by the Daughters of England, players of five hundred predominating. Winners of prizes were: Five hundred: first, Mr. W. H. Woodford, Mrs. H. Dillon; consolation, Mr. F. Varney, Mrs. F. M. Keever, Bridge: first, Mr. E. Elsey, Mrs. E. J. Whiteway; consolation, Mr. Geo. Dodge, Miss Sundbakken.

The usual novelty event brought forth considerable effort on the part of competitors to find the missing portion of their picture, as it had not been intimated by the committee in charge that only one picture could be completed correctly. Mr. W. F. Whiteway and Mrs. F. Tutt were the holders of the winning picture.

It was announced that the final drive of the series would take place some time this month, when prizes would be awarded for the highest aggregate score in bridge and five hundred in addition to the prizes for the evening's high scores.

ADVERTISING CAMPAIGN FOR O.-C. TRAIL

Plans Already Matured For This Year's Scheme Of Advertising And Publicity Work

A comprehensive scheme for the coming season's advertising and publicity work has been adopted by the Literature Committee of the Okanagan-Cariboo Trail Association.

The 1928 publicity campaign will be opened during the last week in February by the addressing of a letter to over 10,000 selected automobile owners in the United States, who are in the habit of spending their vacations in auto touring. These letters will tell of the attractions of the Okanagan-Cariboo Trail and invite enquiries for information.

A further supply of the excellent illustrated pamphlets, similar to those issued last year for selected long range, competitive work, will be issued. Some slight changes and improvements are proposed in connection with these sixteen page booklets, which, it is believed, will make them more attractive and equal to any but the very most expensive booklets of their nature issued in the past.

As soon as the roads can be travelled a new road log will be completed and printed for distribution by local people, hotels, garages, service stations, etc., situated on the Okanagan-Cariboo Trail and its connecting highways. This road log was partly prepared last year, but could not be completed. This is to be ready for distribution about the time the tourist cars appear on the roads here.

Another form of literature to be used for general distribution will be complete maps of the Trail and loop route, also showing the road connections east. These will be on a scale small enough to be conveniently handled in a car.

The newspaper news story publicity work will be carried on vigorously again in 1928, and during the tourist season the Field Manager will be almost constantly engaged in the personal contact work on the tributary highways.

There was a good deal of misconception as to the extent of the work to be done, as some people had spoken to him who evidently believed that the City was to be dredged from the E. L. O. to its outlet into Okanagan Lake, and that the outlay might run to quarter of a million dollars. It was not proposed to do much more than to take out snags in the channel, drag them to the banks and secure them there, so that sand and gravel washing against them would help to form groynes for the protection of the banks. His own impression was that the total cost of the work should not run to anything like \$8,000, the maximum set by the Government. At the most, the City's share would be \$4,000, but it might not come to more than half of that amount. In order to maintain the channel in good condition, the channel should be cleaned out of snags every year.

HULLS OF ICE-BOUND SHIPS MAY BE BADLY DAMAGED
WINNIPEG, Man., Feb. 2.—Twenty-three vessels imprisoned in ice at the Soo for the winter are valued at ten million dollars. They represent the largest boats of the Canadian and United States lake fleets. The headquarters office of the Lake Shippers' Association estimates that heavy damage will be disclosed both to the hulls and cargoes when the ships are released in the spring.

VICTORIA, Feb. 2.—The sale of the Silverado mine at Stewart to the Premier Gold Mining Company, as recommended by the directors of the Silverado, was ratified by the shareholders of the Silverado yesterday.

required for the following season.

Isolation Hospital

Ald. Shepherd enquired whether the Mayor had heard anything at Victoria of grants by the Government for hospital extensions here. Receiving a reply in the negative, Ald. Shepherd explained that Dr. Young, Secretary of the Provincial Board of Health, had plans prepared by an architect for a suitable isolation hospital building. This would contain fourteen rooms, including eleven patients' wards and nurses' quarters, and would have its own heating plant. The cost of such a building was estimated at \$15,000, and provision for additional accommodation for the maternity division of the General Hospital would be about \$15,000 more. He presumed that if the City provided for the isolation hospital, the Hospital Society would look after the maternity building.

Ald. Shepherd's statement provided an unpleasant surprise for his colleagues, who had been under an impression that a suitable isolation hospital building could be erected for less than half the amount he named, and visions of fresh bonded indebtedness, with the problem of school accommodation hovering in the background brought gloom to the brows of the Mayor and his Minister of Finance, Ald. Rattenbury.

Adjournment was made until Monday, February 13th.

TOMATO PRICES DISCUSSED AT CONFERENCE

Growers Ask Advance On 1927 Figures For Canning Tomatoes But Meeting Is Inconclusive

Representatives of the B. C. Tomato Growers' Association and of the canneries met in conference at the office of the Dominion Canners Ltd. on Wednesday, January 25th, to discuss the question of prices for canning tomatoes next season.

The representatives of the growers stated that, owing to unfavourable conditions during the 1927 season, due to bad weather and inability to harvest the crop, the cultivation of tomatoes had been unprofitable, and in consequence they asked the canners for a raise in price of \$2.00 per ton over last year's figure of \$16.50, which would make the price for the 1928 crop \$18.50 per ton.

After considerable discussion, the canners voiced themselves as generally in sympathy with the growers, realizing that conditions were very unfavourable both for them and for themselves in the harvesting of the 1927 crop. They were of the opinion that local circumstances undoubtedly warranted an increase for the growers, but at the same time they pointed out that considerable changes were taking place at the present time which really would not justify an increase. It was shown that the Tomato Growers' Association controlled only fifty per cent of the tomatoes grown for canning purposes, and that the Ashcroft and Kamloops districts, which were not controlled, were now producing a considerable acreage. It was also pointed out that contracts were being made for tomatoes for this district for shipment to outside points for canning purposes, and there was a possibility that tomatoes from Kamloops district would be shipped to Edmonton for canning during the coming season, in competition with the product of the Kelowna district.

Mr. H. Weatherill, of the Dominion Canners, showed that, with an advance of \$2.00 per ton, the cost of canning tomatoes would be raised to \$5.16 in advance of what was being paid by canners in the East, thereby placing them in a better position to secure the Winnipeg and Saskatchewan markets. Mr. L. Hayes stated that canners had suffered considerably during the 1927 season in shortage of tonnage because of the concession granted to growers to pick semi-ripe tomatoes off canning acreage, the Kelowna district particularly being affected in this respect. Figures of the Committee of Direction supporting this were as follows: In 1926, 217,000 packages of semi-ripe tomatoes were shipped from British Columbia points. In 1927, 221,748 packages of semi-ripes were shipped. In the Kelowna district, in 1926, 55,600 crates of semi-ripes were shipped, while in 1927 the shipments totalled 73,000 crates.

Mr. Hayes was of the opinion that, if it was essential that an increase be granted to the growers and that they should be permitted to continue to pick semi-ripes from their canning acreage, he would offer as a suggestion for consideration that any such advance be granted on a graduated scale, so that the growers who could produce canning tomatoes for delivery to the factories in August would receive more than those who delivered their tomatoes in September. This, he considered, would encourage the production of earlier tomatoes and would undoubtedly relieve the possibility of congestion in September.

No definite conclusion was reached and the meeting adjourned until an early date, when discussion of prices will be resumed with the hope of arriving at a settlement.

LADIES OF L.O.B.A. HOLD BOX SOCIAL

The ladies of the Loyal Orange Beneficent Association held a successful box social in the Oddfellows' Hall on Friday, the auction of the boxes which the members had brought with them netting a considerable sum as the social was well attended and all bid freely.

The following musical programme was rendered: vocal solo, Mr. J. Ansell; violin solo, Master Fred Pharey, accompanied by Mrs. E. Flinders; vocal solo, Mrs. H. Taggart; reading, Mr. Orchard; vocal solo, Miss S. Cook; recitation, Mr. C. Gordon; violin solo, Miss Isobel Murray, accompanied by Miss Phyllis Cook; vocal solo, Mr. F. A. Martin; reading, Mrs. F. Varney; pianoforte solo, Miss Phyllis Cook; recitation, Mr. G. Barber.

CONTROL OF INTERIOR POTATOES CONTINUES

Chairman Of Committee Of Direction Denies Report Emanating From Coast

Mr. F. M. Black, Chairman of the Committee of Direction, has advised the press that any reports coming from Coast points to the effect that the Committee has relinquished the control of interior potatoes are unwarranted and untrue.

OTTAWA, Feb. 2.—Hon. Charles Maclellan resigned the chairmanship of the Government caucus so as to free him to prosecute his Mexican resolution asking for expulsion of the Mexican Consul-General.

T. L. Church, M.P. for Toronto, has asked for the tabling of all papers in connection with Sir Henry Thornton's visit to Mexico.

"GUILTY BUT INSANE" TO BE HICKMAN DEFENCE

LOS ANGELES, Feb. 2.—Brushing aside all denial and legally admitting guilt and responsibility but pinning their hope to a verdict of insanity by the very horror of the crime, defence counsel for William Edward Hickman were prepared at the opening of the trial today to bare further details of how the young man killed twelve-year-old Marian Parker after kidnapping her for ransom.

HORNETS COME FROM BEHIND AND WIN OUT

Local Basketers Snatch Victory From Visiting Crusaders In Thrilling Finish

Staging a sensational comeback in the second period to force the contest into Kelowna's first overtime fixture, the Hornets completely dominated the first twenty minutes to such an extent that the midway score was 11-3, Kelowna Hornets hustled the visiting Crusaders for the last fifteen minutes of the second half, to eventually force the contest into two overtime periods and nose out the Vancouver league leaders 20-18, in what was probably the most thrilling event that Kelowna has seen in the way of basketball.

Not even the last period rally and desperate finish of Nanaimo last April can be compared to the fight put up by Kelowna in the face of what appeared impossible odds. Like a piece of clockwork, the Crusaders, by smooth play, accurate passing, and an all-round display of finished basketball, had kept the locals completely in subjection for twenty-five minutes before the turning point came. From that time on, it was a matter of how long Kelowna would continue to force the play and keep the visitors from finishing their brilliant combination, and whether or not time would be called before the Hornets evened the count.

With four minutes of full time left, Kelowna were leading by a single point, but Couveller tied the score on a free shot to send the game into two desperate five-minute periods of overtime. Both teams threw caution aside in the third period, and the Hornets, relying up and down the floor without resting in a score, but when Williams grabbed a rebound of his own shot to find the hoop shortly after the second extra period opened the pace became faster, with the Hornets striving desperately to hold the lead and the Crusaders striving equally as hard to find the hoop again. Couveller almost made himself the hero of the night, as his shot from the foul line curled around the hoop to drop outside, just as the final whistle blew. It was hard luck for the Crusader forward.

All doubts as to the Crusaders still being in their reputed slump were dispelled as, immediately referee Weddell tossed up the ball, the visitors opened up their bag of tricks. Fast, short, accurate passes, shots for the net after combination plays which found the hoop, and speed which made the taller and heavier Kelowna players look flat-footed, gave the spectators a show of speed and teamwork which has not been equaled on a Kelowna floor. Minus Enoch Williams and Willis, the Crusaders nevertheless fielded a strong aggregation, Keith working in under the net for their opening score in a few seconds. Kennedy, who started throughout, scored twice and missed what seemed to be a certain goal while Kelowna were kept out, the back checking and speed of the Crusader forwards giving the Hornets little opportunity.

(Continued on Page 8)

DATES FIXED FOR BADMINTON TOURNAMENT

Local Event To Be Permanent Annual Affair

The Committee of the Kelowna Badminton Club have decided to hold the annual tournament in the B. C. built expressly for that purpose, to hold a permanent annual tournament. They have therefore applied to the Provincial Association and have been granted the following dates: Tuesday, Wednesday and Thursday, February 21, 22 and 23. This is the week immediately after the North Vancouver tournament, the last Coast fixture.

The fact of the Club having its own permanent tournament prohibits the use of the five challenge cups now competed for in the Valley, and they must look for trophies of their own. This will necessitate a heavy draw on the Club's already heavily taxed resources, unless some patrons of sport are inclined to come forward and assist in the matter.

An annual badminton tournament should in time be as popular and well known as the Kelowna lawn tennis championships have grown to be, and so add further lustre to the renown of the city as a sporting centre. The event will be well advertised and will draw competitors from all over the Province as well as up and down the Valley.

PRINCE OF WALES WEARS HUGE CRAVAT

LONDON, Feb. 2.—The London newspapers chronicle the fact that the Prince of Wales wore at a banquet the other night the biggest white cravat yet seen in the fashionable section of London. According to one paper, it was "three inches deep at its extremities and submerged his collar, and was twice the size of any cravat worn by any one else present."

BOARD OF TRADE ELECTS NEW PRESIDENT

Mr. W. R. Trench Is Succeeded After Two Terms Of Office By Mr. N. M. Foulkes

To the number of fifty members of the Kelowna Board of Trade gathered at the Lakeview Hotel on Friday evening for the occasion of the annual meeting and enjoyed an excellent meal, served according to the best traditions of the hospitality, before undertaking the transaction of business.

President Trench occupied the chair, and seated on either side of him as guests of honour were Mr. A. K. Loyd, of Rutland, and Mr. C. Tucker, of East Kelowna, who were responsible for collection and exhibition of the fruit which won the district exhibit prize at the Winter Fair at Vancouver. The trophy, a beautiful silver cup presented by Mayor L. D. Taylor of Vancouver, stood on the table in front of the chairman and was much admired.

The report was prefaced by Burns' grace, recited by Mr. Geo. S. McKenzie, and prior to business being taken up President Trench gave the loyal toast of "The King," which was duly honoured.

Guests Of Honour

Mr. Trench called attention to the fact that the members of the Board had with them that night two guests of whom they were very proud, Messrs. A. K. Loyd and C. Tucker, who were responsible for bringing to Kelowna the trophy displayed on the table, and he invited them to speak.

Responding to the invitation, Mr. Loyd said he had enjoyed the experience at Vancouver very much. Splendid co-operation had been extended to Mr. Tucker and himself in the collection of the fruit for the exhibit by growers, shippers, the Board of Trade and others, all being eager to help in any way possible. Even a Chinaman had offered apples for exhibition. (Laughter.) The Winter Fair had become somewhat of a championship affair, and Mr. Tucker and he felt that a real effort should be made on behalf of Kelowna to win the district exhibit prize. The result was that Kelowna had gained 1918 out of a possible 2,000 points, and four Kelowna exhibitors had won 74 prizes. (Applause.) Mr. Tucker and he were delighted with the success achieved and, if the people of Kelowna were gratified, they were amply rewarded. (Loud applause.)

Mr. Trench explained that it might seem somewhat late in the day to make an acknowledgment of what Kelowna owed to Messrs. Loyd and Tucker, but the Board had been very busy with a number of matters during the past two or three months, and it had been thought best to defer the invitation to these gentlemen until the annual meeting and dinner.

The minutes of the last preceding annual meeting were then read by the Secretary, Mr. E. W. Barton, and were adopted, on motion of Messrs. H. I. Rees and S. T. Elliott.

President's Report

The following report on the work of the past year was read by the Secretary on behalf of the President:

Membership

"We started the year 1927 with a paid-up membership of 160. During the twelve months we lost 16 members through removal, and in the same period enrolled 26 new members. We start the year 1928 with a membership of 175, which includes three life and two honorary members, showing an increase of 10 active members. At this meeting we will submit 5 names for election as members."

Executive and General Meetings

"During the year we have held six general meetings and 31 meetings of the Executive Council, the attendance at the general meetings showing that the members are taking a live interest in the activities of the Board. At the meetings of the Executive the following attendances were made: W. R. Trench, 24; C. B. Winter, 24; H. V. Craig, 23; O. Neill, 23; N. M. Foulkes, 21; E. O. MacGinnis, 21; G. S. McKenzie, 20; G. L. Jones, 20; K. Whillies, 20; E. M. Buchanan, 16; D. K. Gordon, 13; T. G. Norris, 8."

Concessions

"Through the activities of the Board, we were able, after protracted correspondence, to obtain the cancellation of the long established switching charge of \$1.75 per car, which was a very distinct relief to merchants and shipping houses, and which meant a saving of many hundreds of dollars. It also meant that our fruit shipments were placed on the market on the same basis as in any other shipping point in the Valley, as Kelowna was the only point at which this toll was levied."

"Another matter which the Board were able to accomplish was the placing of Kelowna in Zones 1 and 2 as regards telegraph rates, which in fact gives us equal rates on telegrams to all parts of the Dominion, and a cheaper rate than any other city in the Valley to many American cities."

Mail Service

"The Board have made repeated efforts to have an improved mail service but to effect here, as a result of which the C.P.R. altered the schedule of their boats to give us earlier delivery of the mail. Even this, however, is not satisfactory, and efforts have again been made through Mr. Murray, Supervisor of Postal Services at Vancouver, to improve the service."

(Continued on Page 6)

PROGRESSIVE OPPOSES AUSTRALIAN TREATY

OTTAWA, Feb. 2.—Under the new rule of forty-minute speeches, the House continued the debate on the Australian trade treaty, John Evans, Progressive, Rose-town, said: "It is the height of folly, whether it be done by a statesman or a lunatic, to increase the burdens of our people by this trade treaty."

The treaty, he alleged, had been negotiated by the present government in the interests of a small class of manufacturers in Canada to the detriment of the Canadian consumer public.

MONTREAL EX-POLICEMAN CONFESES GRUESOME CRIME

MONTREAL, Feb. 2.—Jules Conlon, former policeman, here confessed that he dismembered the body of Arthur Richard, aged 45, of Quebec, after killing him with his bare fists on January 4th, according to a statement made by the police.

DEBATE IN LEGISLATURE IS HEATED

Conservative Leader Withdraws From Chamber In Protest Against Ruling Of Speaker

VICTORIA, Feb. 2.—The liveliest debate the House has seen since the opening of the session culminated yesterday in the withdrawal of R. H. Pooley, Conservative leader in the Legislature, from the chamber as a protest against a ruling made by Speaker Buckham, Mr. Pooley retired until conclusion of a speech by Attorney-General Manson, whose fiery defence of the Government, coupled with a slashing attack on the Opposition, had brought frequent and sharp protests from the Conservative benches.

Mr. Manson was discussing old age pensions when the clash came. The Conservatives had opposed the B. C. Pensions Act last session, he said, and had advised instead a provincial conference on the subject. As he went on to say that some of the provinces were opposed to the pensions scheme and that if Pooley's original suggestion had been adopted, British Columbia could not have old age pensions now, Mr. Pooley rose to a question of privilege.

"There is no such thing as a question of privilege here," Mr. Manson objected.

"On a point of order," said Mr. Pooley, "I decline to give way," exclaimed the Attorney-General.

The Speaker intervened, ruling: "The honourable Leader of the Opposition knows the rules as well as any one in the House, and he knows that he cannot proceed if the honourable member refuses to give way."

"I'll leave the chamber until he gets through on your ruling," Mr. Pooley announced.

"That's an old trick," was Mr. Manson's comment upon this statement.

ELOCUTIONIST PLEASES APPRECIATIVE AUDIENCE

Miss Elsie McLuhan Gives Excellent Programme

Miss Elsie McLuhan, the well-known entertainer, whose second visit to the city was looked forward to with pleasure by those who remembered her appearance here two years ago, delighted a large audience at the First United Church on Tuesday evening by her clever impersonations and the rendering of dramatic sketches. Though suffering from a severe cold, Miss McLuhan gave throughout a lengthy programme a display of talent of an unusual nature, her work being quite free from the unnecessary exaggeration so often exhibited by entertainers. At home with her audience from the start, her efforts were in good taste and deserved the applause with which they were greeted.

On this occasion Miss McLuhan had the assistance of two talented local artists, Miss Isobel Murray and Miss Phyllis Cook, both of whom can always count a good reception from a Kelowna audience. Miss Murray was at her best, rendering her delightful violin selections in such a manner as to display her ability and talent to the full, and Miss Cook, who accompanied her throughout, also charmed the audience by her musical skill, her playing of difficult passages being marked by fine execution and charm of expression. Their efforts were very well received.

The following programme was rendered:—

Dramatic sketches: "How the La Rue Stakes were won"; "The Ladies' Aid"; "The negro dialect"; "Should Women Propose?"; Miss Elsie McLuhan, violin solo, "Thais Meditation" (Massenet); encore, Beethoven's Minuet in G; Miss Isobel Murray, Monologue, "The Bath Hour"; one act play, "Joint Owners in Spain"; Miss Elsie McLuhan, Pianoforte solo, "The Lark" (Balakirev); encore, "Crade Song" (Bjork); Miss Phyllis Cook, Dramatic sketch, "The light from over the range"; recitation, "The lady who lives next door"; Miss Elsie McLuhan, violin solo, "Loure" (Bach); encore, "Poem" (Fibich); Miss Isobel Murray, Pianoforte solo, "Pastorale" (Mozart); encore, "Vatouan Passag" (Godeaux); Miss Phyllis Cook, Character impersonation, "Rosa"; one act play, "The Florist's Shop"; recitation, "The Two Friends"; Miss Elsie McLuhan.

(Continued on page 2)

MORE INTEREST SHOWN IN HOSPITAL

Attendance At Annual General Meeting Considerably Larger Than For Several Years Past

The annual general meeting of the Kelowna Hospital Society, held on Friday afternoon in the Board of Trade Hall, attracted a considerably larger attendance than had been the case for some years previous, sixty-nine being present. The President, Mr. E. M. Carruthers, occupied the chair and Mr. W. B. Hughes-Games acted as secretary.

After calling the meeting to order, the chairman commented on the increased attendance compared with that of previous annual general meetings of the Society, remarking that it was a pleasure to observe that the affairs of the Hospital were of interest to a greater number of people each year. He then asked the secretary to read the minutes of the previous annual general meeting, which were adopted without discussion, on motion of Mr. H. B. Everard and Mr. G. K. Binger.

Annual Report Of President

Mr. Carruthers then read the annual report submitted by him on behalf of the Board of Directors, which was as follows:—

"Kelowna, B. C., January 27, 1928. To The Members of the Kelowna Hospital Society, Kelowna, B.C."

"Ladies and Gentlemen:—

"On behalf of the Board of Directors, I have pleasure in submitting the annual report for the year ending December 31st, 1927. Since our last meeting there has been considerable progress made and, as you are generally aware, we were able to secure a grant of \$15,000.00 from the Provincial Government for the re-modelling of the Hospital and bringing it up to date in every way. Plans and specifications were forwarded to us from the Public Works Department, Victoria, B.C., and tenders for the work called for. The electric part was secured by Mr. Cope, the heating and plumbing by Mr. Galbraith. On account of the difficulty of getting a reasonable tender on the carpenter work, which included so much pulling down and patching, your Board decided that this be done by day work on a cost plus basis, and we were fortunate in securing Mr. W. Millar to take charge for us. The work is progressing satisfactorily but unfortunately we lost at least a month on account of the cold snap in December and January. By the time the work is completed we will have a thoroughly up-to-date and modern hospital. Amongst other things we have decided to risk going in debt to a certain extent so as to avoid again using septic tanks and instead are going to install a pump so that the hospital sewerage will be removed directly into the City sewerage main. We felt sure that you will all agree with us that our action was justified, especially when considering the years which the land surrounding the hospital has been saturated with the discharge from the various septic tanks."

"To take care of the patients during the re-construction period gave your Board great concern, but we were fortunate in securing Caldwell for medical side and Mrs. Lovell's house at Abbott Street for maternity. Both houses have done wonderfully well and we believe that the patients have been extremely comfortable. Too much praise can not be given to the Matron and the Staff for the cheerful and willing way in which they undertook their duties under adverse conditions, and also owe Mr. Chapman a debt of gratitude for the manner in which he arranged the removal of patients and it is largely due to him that there were no ill results from the move. The proposed appointment of a permanent secretary was carried out and from many applications we selected Mr. Hughes-Games. We feel our selection was a good one and has added greatly to the efficiency of the Hospital, especially in so far as collections and buying are concerned."

"You will note in the balance sheet that we have given approximately \$1,400.00 worth of free treatment and, in what we have written off the books for 1926, this makes a total in round figures of \$4,400.00. This is an item which has to be faced every year to a greater or lesser degree, as a General Hospital is there for the use of the public, whether they can afford to pay for their treatment or not. The financial position shows improvement, a larger percentage of accounts having been collected, but we must not look upon this as any reason for slackening up in our efforts, as we are facing a larger upkeep, our furniture and equipment is so old that it would be a crime to put it into our remodelled Hospital. We should have new beds practically brought in, new lights for the wards, new electric stove in our extra diet kitchen, and a hundred and one other things that are essential. Another matter we must face and face squarely is that a new Maternity Hospital is a crying need; we cannot go on much longer with the accommodation in our old building. In our opinion, essential to the protection of the health of the citizens of Kelowna and district. This matter has already been taken up with the City Council, who gave it a very sympathetic hearing. An entirely new plan is to be installed for refrigeration and a contract has been let to the Frigidaire Company to take care of this work."

The new Scout Hall at Penticton has been completed and will be opened with due ceremonial today. It is sixty feet long and ninety-three feet wide and will be opened with due ceremonial today. It is sixty feet long and ninety-three feet wide and will be opened with due ceremonial today.

BOY SCOUT COLUMN

1st Kelowna Troop

Troop First! Self Last!

Edited by "Pioneer"

January 31st, 1928.
Orders for week ending Feb. 9, 1928:
Duties: Orderly Patrol for week, Foxes; next for duty, Beavers.

Rallies: The Troop will rally at the Scout Hall on Monday, February 6th, at 7:15 p.m., and the regular basketball practices will be held on the Friday previous, commencing at 4 p.m.

There were too many absentees last night at our regular rally, seventeen not less! Of these one, Scout Leslie Young, has been given leave of absence on account of his having to attend the evening classes of a manual training course, and another, 2nd Leslie Clement, was so unfortunate as to suffer two broken bones in his arm last Friday when he was cranking a car. Why the other fifteen were absent, though, we do not at the moment know. The following have missed attending two consecutive rallies: Acting Seconds D. Lucas and R. Lupton, and Scouts D. Pearson, H. Williams and Jas. Treadgold.

We much regret that several complaints have had to be made this season of different articles being stolen from our Hall, including two wrist watches. We hope that it will be possible to trace the responsibility for these thefts and, once discovered, the punishment will be swift and sure. When this sort of thing happens and remains undiscovered part of the shadow is cast over every user of the Hall. That, of course, is an intolerable and unfair state of affairs, so we must, each one of us, do our utmost to drive the guilty ones into the open.

Recruit Leslie Handlen successfully passed the requirements of his Tenderfoot Badge on Monday and we have five others waiting for an opportunity to take their tests. As these tests take anything from half an hour to an hour, it can be seen that time is a very necessary commodity to our Troop's progress.

There were two patrol basketball matches last night, the Cougars and Eagles first mingling to the discomfiture of the latter by a score of nine to six, and then the Lynx successfully took on the Wolves, four points to three. Each patrol has to play seven matches in this league, there being a total of 27 games altogether. The schedule has now been half completed, so we give the present standing:

Patrol	Won	Lost	Points
Lynx	3	0	1000
Eagles	2	1	666
Foxes	2	1	666
Beavers	2	2	500
Otters	1	1	500
Cougars	1	2	333
Wolves	1	3	250
Owls	1	3	250

GIRL GUIDE NOTES

The Orderly Patrol for next Tuesday evening will be the Daffodil Patrol.

Orders: The Company will parade in full uniform next Tuesday evening at seven o'clock sharp, when all Guides who have them will bring their Morse flags, and all the younger Guides will bring their skipping ropes.

This week's meeting was well attended, all wearing their new green ties, which make a striking contrast against the navy blue uniforms.

Mrs. J. N. Thompson, Divisional Commander, attended and invested ten recruits, after which ceremony she talked to them on the meaning of the promise. Those invested were Jenny Anderson, Edna Blackwood, Diana DeHart, Mary Royle, Mary Jansen, Ruby Jansen, Lilian Robinson, Evelyn Sanger, Kathleen Hill and T. Ann Wilson.

Tests passed during the week were as follows: Needlewoman's Proficiency Badge, Patrol Leader J. Foster and Second Beth Harvey. Second Class: Stalking, Second F. Lewers and Guide J. Chapman; Bedmaking and Knots, Guide J. Chapman; Legends and First Aid, Second F. Lewers; Flagmaking, Guide M. Royle; Endeavour, Signs and Salutes, Guide F. Blackwood, D. DeHart, M. Rattenbury, L. Robinson, E. Sanger and K. Hill; Knots, Guide D. DeHart; Union Jack, Guides D. DeHart, E. Blackwood and E. Sanger.

OKANAGAN MISSION

Mr. T. M. Brown left on Tuesday for Edmonton on a business trip. He does not expect to return to the Okanagan for some time.

A badminton match was played on Saturday in the Kelowna Hall between the Mission team and Kelowna. The play was excellent on both sides and it proved a most exciting match, the Kelowna team winning by a very narrow margin.

Mr. H. Angle, who was staying with Mr. and Mrs. H. C. Dunlop during last week, returned home on Friday.

The recent mild weather has transformed most of the roads into a sea of slush and mud, which renders walking a very unpleasant undertaking. However, they must have some time, so the sooner the better. It seems that we finished the worst part of this winter during the old year. It is hoped that February may not cause disillusionment.

The young people of the Mission indulged in a good deal of skating last week, which, however, is now spoiled by the thaw. It is interesting to note that their "skating rink" is in the summer a ploughed field. It is a pond of melted snow in the fields by the lake on the road to Kelowna which would not exist but for the extraordinary wet season.

There is an exceptionally good floor for basketball and indoor games in a large gallery, which will seat four hundred spectators, and good accommodation for players.

MORE INTEREST SHOWN IN HOSPITAL

(Continued from page 1.)

Together with the rest of the Board, I wish to thank the Ladies Aid for their continued and generous help, the Girls Aid, the O.D.E., for their donation in aid of children's work, the Gyros, for the balance of their 1926 donation. We also appreciate the kind thought of the late George Whelan expressed in the legacy which he left the Hospital.

There were too many absentees last night at our regular rally, seventeen not less! Of these one, Scout Leslie Young, has been given leave of absence on account of his having to attend the evening classes of a manual training course, and another, 2nd Leslie Clement, was so unfortunate as to suffer two broken bones in his arm last Friday when he was cranking a car. There is an exceptionally good floor for basketball and indoor games in a large gallery, which will seat four hundred spectators, and good accommodation for players.

1ST RUTLAND TROOP

"Do A Good Turn Daily"

Orders for the week ending Feb. 11: The Troop will parade in Community Hall on Friday at 7:30 p.m. sharp. Work will commence on the concert and the most of the evening will be devoted to rehearsal. Duty Patrol, Beavers.

There was no Scout meeting on Friday last, owing to the annual Scout Association dance being held that evening. The dance was well patronized and Association funds will be greatly improved in consequence.

A. W. GRAY, Scoutmaster.

RUTLAND

Miss Mary McLaughlin arrived home last week after spending two months at coast cities visiting relatives and friends.

At time of writing the baby boy of Mr. and Mrs. H. L. LePargneux, who has been dangerously ill with pneumonia, is making slow progress towards recovery.

The dance held under the auspices of the Rutland Boy Scouts Association on Friday evening attracted quite a good crowd. The Kelownians orchestra put on good musical numbers which were much enjoyed by the dancers. As a result of the dance, the funds of the Association have been considerably benefitted.

Mr. W. (Billy) Price left on Saturday for Calgary. Billy was entertained to a supper party at the Palace Hotel on Friday evening by a few friends, the party later attending the Scout Association dance in the hall.

Mr. and Mrs. W. R. Craig arrived home on Monday after a month's visit to the Coast.

Well! Well! Well! We are getting on; and will soon hardly know ourselves. On the sports page of last Sunday's Province we are informed that "At least nine towns are represented in the Interior (Basketball) Association's playoffs—Kelowna, Summerland, Trail, Vernon, Armstrong, Rutland, Kamloops, Salmon Arm and Revelstoke." And there you are! We are surely in good company.

The same article contains the information that Rutland has entered a Senior "C" men's team, and explains that only two towns had entered for this division which plays for the Province Cup. The division "accommodates players too old to play intermediate basketball and not quite strong enough to make Senior B teams."

Practices of the local Senior C team are being regularly held at the hall, but as the roads have been in bad shape no league games have been played yet.

The balance sheet and the reports covering it were adopted without debate of any kind, on motion of Messrs. H. B. Everard and N. M. Foulkes.

Report of Lady Superintendent
The report of Mrs. A. E. Wilmut, R.N., Lady Superintendent of the Hospital, which was as follows, was also read by Mr. Hughes-Games, Mrs. Wilmut being prevented from attending the meeting by her duties:

"Kelowna, B.C., January 28th, 1928.
To the President and Directors, Kelowna Hospital Society, Kelowna, B.C.

"Gentlemen:
"I have the honour to submit to you my report for the year ending December 31st, 1927.

"As our President is including in his statement number of patients treated, number of hospital days, cost per capita, etc., it is not necessary to dwell on that phase of the work.

"At the close of the year the nursing staff comprises the following:

Lady Superintendent	1
Night Lady Superintendent	1
Instructor	1
Day Supervisor (General)	1
Day Supervisor (Maternity)	1
Pupils:	
Second Year	4
First Year	5
Probationers	2

Total	16
Housekeeper	1
Orderly	1
Cooks (1 in Maternity)	3
Laundry employees	2
Total	7

"As our Maternity building is at some distance, it has entailed the expense of an extra graduate nurse and a cook.

"Fifteen applications were received to enter the Training School during the year; nine entered on probation, seven were accepted. The health of the nurses has been particularly good this last year; there have only been four cases of influenza, and no operations. All pupil nurses accepted into the School are inoculated with typhoid-paratyphoid vaccine, as a preventative to typhoid.

"I wish to express my gratitude to the many bodies which have afforded assistance to the Hospital during the year. The Ladies Hospital Aid did splendid work in supplying the Hospital with linen, bedding and operating supplies. They raised \$1,419.85, and spent on linen, \$916.37, insurance on furniture in Home, \$45.00, and towards house-keeping salary, \$140.00. This creditable sum, though it was a poor year, is the largest sum ever raised, and it is pleasing to note that the outside districts gave very generous support this year. The Girls Aid supplied linen to the home to the extent of \$49.00 and a skeleton for the classroom at a cost of \$85.50. You will be pleased to know that the Girls Aid through their efforts have been instrumental in practically furnishing the classroom. I would like to mention appreciation for the thoughtful gift from Mr. Maddin, of the Empress Theatre, who has supplied all pupil nurses with a season ticket to the theatre free of charge.

"My report would not be complete without mentioning the fact that the outside districts gave very generous support this year. The Girls Aid supplied linen to the home to the extent of \$49.00 and a skeleton for the classroom at a cost of \$85.50. You will be pleased to know that the Girls Aid through their efforts have been instrumental in practically furnishing the classroom. I would like to mention appreciation for the thoughtful gift from Mr. Maddin, of the Empress Theatre, who has supplied all pupil nurses with a season ticket to the theatre free of charge.

"All of which is respectfully submitted.
W. B. HUGHES-GAMES."

MORE INTEREST SHOWN IN HOSPITAL

(Continued from Page 2)

without bringing to your attention the importance to the Hospital of an agitation for bringing our nursing school up to a "Three Year Training School". In the past we have been losing our pupil nurses when they were becoming of the greatest value to us. With the present alterations to the building, the projected erection of isolation and maternity buildings, a full time instructor on the staff, there is no real reason why we are not now in a position to graduate a highly qualified nurse.

"The question of condition of hospital furniture, bed springs, and mattresses is one which deserves attention, as it means so much to the comfort of the patients, the present equipment being in a rather bad state of repair."

"I wish to acknowledge my gratitude to the entire nursing staff, who have done their best to serve loyally and well, especially under such trying circumstances as we have been under in connection with moving, new quarters, etc. Whatever success has been attained has been due to the spirit of devotion and to their unflinching support and co-operation."

"I would also gratefully acknowledge the splendid and efficient co-operation given by the President, the Secretary and the personnel of the Hospital Board at all times throughout the year."

"Respectfully submitted,"

"Yours very truly,"

"MARY E. WILMOT, R.N., Lady Superintendent."

Mrs. Wilmot's report having been adopted on motion of Messrs. K. MacLaren and C. B. Winter, the chairman caused much amusement when, commenting on the fact that the various reports read showed that the members of the Society would have to put their shoulders to the wheel in order to raise funds to provide new hospital furniture and other necessities, he remarked that it would not do to "put new wine into old bottles," it being explained to him that he had got his metaphor slightly mixed. He then stated that what he meant was that it would not be in keeping to place old and worn out furniture in a hospital building which had just been turned into an otherwise properly equipped institution. He felt also that Mrs. Wilmot was right in her remarks re the advisability of having a three-year training school for nurses, as this would be obviously a step in advance, and he wished the meeting to give some expression of opinion on that question.

Mr. Binger thought that the proposed three-year training school was an excellent idea. Other hospitals which were not nearly as well equipped as the Kelowna General Hospital provided such a course of training.

Election Of Officers

The next business on the agenda was the election of officers, it being explained that Dr. G. L. Campbell and Mr. H. F. Chapin, had completed their term of office as directors, but were eligible for re-election.

Mr. Binger, seconded by Mr. C. P. Winter, proposed the re-election of Dr. Campbell and Mr. Chapin, stating that it would be a pity if new men were appointed to the Board who would have to learn much about the affairs of the Hospital when two were to be had who were thoroughly posted and who would help to maintain the continuity of policy which had so materially helped to bring the institution to its present state of efficiency.

No other names being proposed, Dr. Campbell and Mr. Chapin were declared re-elected to serve a two-year term, and the secretary was ordered to cast ballots to that effect.

Messrs. Crehan, Mount & Co., on motion, were unanimously re-appointed Auditors for the coming year and were thanked for their gratuitous services in the past.

A general discussion on the affairs of the Hospital followed during which it was stated by the chairman that Mr. H. A. Blakeborough, City Engineer, had been of great assistance to the Board, having given expert advice and assistance whenever asked to do so. This help had been of value during the making of so many alterations to the building.

Methods Of Aiding The Hospital

Mr. W. J. Coe asked if the directors had ever thought how more financial assistance from the country districts could be obtained. He thought that a "Hospital Week" should be established and some organization established in each section of the valley tributary to Kelowna through which subscriptions to the Hospital could be collected, and suggested that hospital committees be organized from Winfield south. Such committees would be able to keep in close touch with the Secretary of the Board.

The chairman thought Mr. Coe's idea an excellent one.

Archdeacon Greene suggested that the Directors consult the various churches re the establishment of a "Hospital Sunday," when the offerings would be handed over to the Hospital Society. This was a custom of long standing in the Old Country and had also obtained in the Okanagan before the Great War.

Rev. A. K. McMinin stated that he was glad to support Archdeacon Greene's suggestion. The 12th of May, the birthday of Florence Nightingale, might be a suitable date for Hospital Sunday.

Mr. Coe thought it would be better to hold Hospital Sunday in the fall, and he was backed up by Mr. F. A. Taylor, who remarked that farmers were all "broke" in May, but might possibly have some funds in the fall.

Mr. A. H. DeMara thought it would be best to have a day in May for special church services and offerings and a Hospital Week in the fall also. The discussion of the subject then terminated.

An enquiry addressed to the chairman elicited the information that the membership of the Society was sixty-seven all told, and Mr. Caruthers commented strongly on this fact, stating that in as well a populated district as the Kelowna valley at least three hundred people should belong to the organization.

Mr. Coe made the suggestion that farmers be allowed to pay the membership fee in kind, and Mr. Binger explained that the system under which they had been permitted to do so had been abolished when the membership had been reduced to \$2 per annum.

Mr. Coe then gave formal notice of his intention to move at the next annual general meeting a resolution "that the membership fee be \$2 in cash or \$5 in kind."

In answer to an enquiry by Mr. J. Hall, the meeting was informed that, in the event of an isolation hospital being built by the civic authorities, its maintenance during an epidemic would be placed in the hands of the Society, which would be paid for its up-keep during that period.

Votes of Thanks

Before the meeting adjourned, a special vote of thanks to the 1927 Board of Directors was passed, also votes of thanks to the various organizations and individuals, including the press, who had in any way helped in supporting the Hospital. The chairman, in reply to the resolution, stated that the Board felt that public feeling in the city and district seemed to strongly support the directors in all their efforts for the welfare of the institution. The Board had made some mistakes, and if they made more, they wished friendly criticism. It must be apparent to all that a greater membership was needed, and a strong effort should be made in that direction in 1928.

The meeting then adjourned.

Lawyer (helping pedestrian up): "Come with me, my man. You can get damages."

Pedestrian (groggily): "Heavens! man, I've got all the damages I want. Get me some repairs."

GUILD OF HEALTH.—Weekly Scripture Study for all interested in the subject of Divine Healing.

Subject for meditation: "Prayer."
Feb. 2nd, Isaiah, ch. 6, vs. 1-8.
Feb. 3rd, S. John, ch. 11, vs. 41-43.
Feb. 4th, S. Matt., ch. 26, vs. 36-44, 52-54.
Feb. 5th, S. John, ch. 14, vs. 15-19.
Feb. 6th, S. Luke, ch. 11, vs. 1-13.
Feb. 7th, S. James, ch. 5, vs. 14-18.
Feb. 8th, S. Luke, ch. 18, vs. 9-14.
Prayer is the true desire and quest of the soul, reaching out to the Father of all, and desiring to co-operate with Him. It opens the sluiceways of our human channels to the ocean of the divine love and power. Hence it was the constant attitude of Jesus, and the source of divine power for healing sickness and raising the dead, for summoning the divine Spirit, for strength in mortal weakness, and for angelic aid. He taught His disciples to pray, and put no bounds to the resulting power. Prayers avail for others in every need. But he who prays must have no obstacle in his heart that would hinder communion with God.

Primula (PRIMROSE) Plants

THE PRIMULA is the most free-flowering and the brightest of all pot plants growing in the house during the winter or spring months.

To make a quick sale I have reduced the price ONE HALF—30 cents per pot, as I am getting short of room in forcing house.

THE JUNIOR HIGH SCHOOL

By T. R. HALL,
Inspector of Schools

FOREWORD.—Despite the pla-
toon system, introduced by Mr. C. W.
Lees, former Principal of the Kelowna
Public School, and the erection of a
four-room auxiliary school building
last year, accommodation for Kelowna
male ever-growing school population is
still inadequate and, in wrestling with
the problem, the Board of School Trus-
tees has taken under serious considera-
tion the possibility of instituting a Ju-
nior High School, which will take care
of the higher grades of the present
Public School, relieving the pressure on
classroom space, and will also provide
valuable educational facilities for deal-
ing with pupils at a difficult age. Al-
though a Junior High School has been
operating successfully at Penticton for
over a year, little is known in Kelowna
about that type of educational institu-
tion, so Mr. T. R. Hall, Inspector of
Schools, has kindly consented to give
an outline of its constitution and ob-
jectives in the subjoined article, which
should be read with interest by all
parents and others interested in pro-
viding the best education possible for
the children of Kelowna.—EDITOR.]

While the term "junior high school"
has been in use for fifteen years or
more, there still exist in many quarters
rather hazy ideas as to its significance,
and distinct misconceptions as to the
functions of the junior high school are
not infrequently encountered. Briefly,
the junior high school is commonly
conceived of as the middle unit of a
school system organized on the six-
three-three plan, i. e., a system which
embraces a six-year elementary school
course, a three-year senior high school
course, with a three-year junior high
school course bridging the gap be-
tween the two. Various other names
have been used for schools of this
type, including the terms intermediate
and middle school; these terms, because
of their descriptive nature, are perhaps
preferable to the one more commonly
in use.

Canadian schools have long been or-
ganized on the eight-three or eight-four
plan, i. e., an eight-year elementary
school course, followed by a high school
course of three or four years. In seek-
ing a reorganization which is based on
the six-three-three plan, educationists
are not, as some suppose, basing their
proposed action on principles which are
new or untried. On the contrary, these
principles have, in well-informed circles,
been long recognized as of funda-
mental importance, and their ap-
plication has resulted in distinct chang-
es in the curricula and adminis-
tration of the schools of many coun-
tries, including England, France, Ger-
many, Japan, United States, and the
Scandinavian countries.

Not A New Fad
The first definite move toward any
extensive reorganization of the schools
of this continent in the direction of the
junior high school occurred some
thirty-five years ago, when the celebra-
ted report of the Committee of Ten on
Secondary School Studies was issued.
This committee, working under the
chairmanship of the late President Eliot
of Harvard University, made a number
of recommendations, the most important
of which was the re-adjustment of school curricula along
the lines more recently sought by the
advocates of the junior high school.
Subsequent reports by similar commit-
tees, combined with the findings of
educational research students, have lent
impetus to the movement toward re-
organization, and the steady growth of
the junior high school idea over many
years frees it from any charge which
might be made to the effect that it is
the creation of the educational faddist.

Recommended By Commissioners
In our province, many students of
educational problems, because of their
study and observation of educational
development elsewhere, have for some
years felt that our pupils would benefit
greatly by the introduction of the Ju-
nior high school. It remained, however,
for the executive action, submitted by
Dr. J. H. Putnam and Dr. G. W. Weir,
the commissioners appointed to make a
survey of the educational system of the
Province, to bring to the attention of
the general public the desirability of
reorganizing our school system so as
to permit of the introduction of the
junior high school. The recommen-
dations of the commissioners have the
enthusiastic support of educationists
generally, and the provincial Depart-
ment of Education has shaped its policy
in conformity with the commission's
findings. It is of interest to note that
the credit for the establishment of the
first junior high school in the province
goes to the neighboring municipality of
Penticton; a school of this type was
established in this centre in the fall of
1926 and has amply justified the hopes
of those who promoted the idea. Van-
couver now has two large junior high
schools in operation, and anticipates
extending this branch of educational
work in the near future. Nelson has
plans for the opening of a junior high
school well under way, while many
other centres are laying definite plans
in the same direction.

The Difficult Age
We have become so accustomed to
an eight-year elementary school course
that we are likely to take its desirability
for granted; to the student of child na-
ture, however, it is apparent that there
is no psychological justification for
such a course. We may think of the
developing individual as passing
through several stages: (1) infancy,
extending from birth to about six
years; (2) childhood, from the time
the child enters school during his sixth
year to about twelve or twelve and a
half; (3) early adolescence, from the
last-mentioned age to about fifteen; (4)
late adolescence, from fifteen to eigh-
teen. Our present organization takes
the child of six and normally keeps him
in the elementary school until he is

about fourteen, that is to say, through
childhood and during some two years
of early adolescence. But it is a well-
known fact that the adolescent pupil is
undergoing changes which demand that
his or her education shall be a radically
different process from that of the earlier
stage of development. Not only physi-
cally, intellectually, emotionally and
spiritually, the adolescent period is one
of profound change; a period of "new
birth" has been reached, and the suc-
cessful school must recognize the fact,
and must shape its curriculum, its ad-
ministration, its whole spirit in accord
with it. The first six years of school
life deal largely with those educa-
tional processes which stress habit for-
mation—mechanical processes in arith-
metic, reading, spelling, writing, cor-
rect language forms; in these, it will be
noted, the rational element is slight.
Early adolescence, however, sees the
child ready for new experiences, for the
exercise of logical thought, for group
activities, for language study, for trying
out certain vocational activities. In
short, an entirely different educational
environment should be provided, and it
is one of the major duties of the
junior high school to provide it.

Curriculum And Administration
It is obvious that it is impossible to
discuss in brief limits the curriculum
and administration of the junior high
school, and all that that institution
stands for. The following, however, is
an attempt to sum up the major points
in this connection.

(1). The junior high school offers
broadened and enriched courses of
study, and it provides the opportunity
for the wider range of experience which
the adolescent is eager to meet. The
course of study is changed not only on
the academic side, but it also makes
provision for other vitally important
activities. Physical education receives
greater attention and is accorded a
place on the time-table along with the
traditional subjects of the curriculum;
this work includes health training, team
games, track and field events, gymnas-
tics—in short, a general scheme of
physical education with the idea of de-
veloping a healthy rising generation,
and not merely a few star athletes.
Wherever possible, ample opportunity
is given for extensive reading, and
careful direction; the library is a very
important part of the equipment of the
junior high school. The junior high
school also attempts to give a wider
range of manual activities than is at
present provided; the provincial course
of study makes two years work in prac-
tical arts compulsory and offers an op-
tional course in the third year. For
boys this work includes woodwork,
metalwork, mechanical drawing, elec-
tricity and home mechanics; the home
economics course for girls deals with
clothing, foods and home problems.
The provision of adequate shops for the
work in practical arts is essential.

Development Of Citizenship
In another important field—that of
the development of the qualities of
good citizenship—the junior high school
undertakes work of great value. No
formal instruction, no mere study from
a text-book can secure real results in
this field. Here the student must learn
to do by doing; membership in debat-
ing, literary and other clubs, partici-
pation in school government, and shar-
ing group activities generally might be
mentioned as a few of the opportunities
offered for training in assuming respon-
sibility and in learning to work with
others toward a common end. Suc-
cessful democracy depends on trained
citizens—a fact which receives full re-
cognition in the junior high school.

Recognition Of Individual Differences
(2). The junior high school recog-
nizes individual differences in pupils
and endeavors to enable them to fol-
low their interests and abilities. Davis,
an authority on the junior high school,
states that the most conspicuous fact
of adolescence is that of individual dif-
ferences; yet, in spite of widely vary-
ing capacities and interests, we today
offer to our early adolescents a curri-
culum and a system of administration
which is characterized by extreme rigi-
dity and which would shape all boys
and girls in the same mould. The ju-
nior high school would offer some free-
dom in the choice of subjects; the vari-
ety of choice would depend on the age
of the pupil and the size and resources
of the school; while it would be mani-
festly unwise and financially inexped-
ient to attempt too ambitious a pro-
gramme in a small school, a good deal
could be done to improve present con-
ditions. Further recognition of individ-
ual differences would be made by class-
ifying pupils according to their intelli-
gence and aptitudes, by varying as-
signments for pupils and by a revision
of our rather inflexible promotion sys-
tem.

Basic Subjects
(3). While the junior high school
recognizes individual differences, it also
recognizes the importance of what has
been termed "common integrating edu-
cation," and all students receive a
thorough training in those subjects
which have long been regarded as the
core of the curriculum. It is highly de-
sirable that our future citizens should
be encouraged to have a common stock
of ideas, interests, attitudes and ways
of procedure; otherwise there can be
no social solidarity. With this in view,
the junior high school offers few op-
tions in its first year, preferring in its
early stages to supplement the inte-
grating processes of preceding years.
The courses in English and the social
sciences (history, geography, civics)
are particularly valuable for the build-
ing of a common and unifying back-
ground of experience and ideas.

Discovery Of Aptitudes
(4). The junior high school seeks to
discover and direct pupils' aptitudes,
interests and abilities. Choice of sub-
jects is made only after consulting the
student's record, discussing the matter
with him, and not infrequently consult-
ing his parents. In one or two subjects
which are now organized, it often hap-
pens that a pupil elects a certain option
only to find that he has little aptitude
for the subject chosen and that it is
thoroughly distasteful to him. Never-
theless, the subject must be carried
throughout the course; this is fre-
quently the cause of pupils leaving school.
In the junior high school an attempt is
made to give brief exploratory or try-
out courses in certain subjects; by
means of these, teacher and pupil may
learn if it is wise to continue the sub-
ject elected. Pupils' interests and apti-
tudes are also discovered by general

Local and Personal

Snowdrops are to be seen in the garden of Mrs. E. Chamberlain, Willow Avenue. 25-1c

Mrs. E. Saucier, who is a patient at the Kelowna General Hospital, is progressing well. 25-1c

Mr. J. Emslie is building a residence on Ethel Street, opposite the home of Alderman J. A. Shier. 25-1c

Mr. D. Robison, of the staff of the Palace Hotel, returned on Sunday from a trip to Vancouver. 25-1c

Mr. and Mrs. F. T. Whitehead left last Thursday for Victoria, where they will make a month's stay. 25-1c

A new garage is being built on the Vernon Road, at Thompson's corner, by Mr. L. Simonin and Mr. H. Creighton. 25-1c

Miss Isobel R. Scott, of Calgary, advance agent for the Canadian Chautauqua Society; is staying at the Palace Hotel. 25-1c

Mrs. R. F. Morrison left last Thursday for Los Angeles, being called there by the serious illness of her mother, Mrs. J. Couss. 25-1c

Miss Elka Patterson returned yesterday from Powell River and Vancouver, where she spent a month's vacation visiting friends. 25-1c

Miss Elsie McLuhan while here was the guest of Mr. and Mrs. F. B. Wilkins, Bernard Avenue. She left yesterday afternoon for Grand Forks. 25-1c

Mr. Gustave Berthiaume, of Regina, who was the guest of Mr. and Mrs. J. S. Marty, Pendozi Street, for three weeks, left for home on Saturday. 25-1c

Miss Nancy Stiel, who is still a patient at the Vancouver General Hospital, suffering from a fractured shoulder as the result of a fall when skating, is progressing well. 25-1c

At a meeting of the Hospital Ladies Aid, held on Monday afternoon, a resolution was passed that the Aid would furnish one of the new wards at the Hospital, which will be fitted up with special beds. 25-1c

At a meeting of the School Board, held on Monday evening, the members welcomed Mr. W. E. Adams, the new member of that body. Mr. R. J. Gordon was elected chairman of the Board for the coming year. 25-1c

Miss Grace McCarthy left yesterday for a month's vacation at Papat, Saskatchewan, and other prairie points. Miss Doris Teague, who accompanied her, will proceed to Edmonton, where she intends to spend her holiday. 25-1c

On Friday and Saturday, February 10th and 11th, a picture depicting circus life in many lands, including European countries, is to be shown at the Empress Theatre in connection with Messrs. P. B. Willis & Co.'s one cent sale. 25-1c

Mr. Peter Hewitson, of the staff of the Bank of Commerce, Armstrong, spent the week-end with his parents, Mr. and Mrs. H. J. Hewitson, Glenwood Avenue, leaving on Monday for New Westminster, where he has been transferred. 25-1c

The special evangelistic services conducted every evening except Saturday at the First Baptist Church by Rev. A. J. D. Milton will be continued during the whole of next week. A great deal of interest is being taken in these services, which are well attended. 25-1c

The local Provincial Labour Office was closed on January 31st. In all probability it will be reopened on April 1st. During the busy season it was of value to employers of labour as well as to those who were seeking employment in this portion of the Okanagan district. 25-1c

Mr. G. L. Challenor, President of the Kelowna and District Horticultural Association, returned from the Coast on Tuesday for a short stay in the city. He will attend the meeting of the Horticultural Association which will be held this evening in the office of the Assistant District Horticulturist. 25-1c

Preparations are already under way for the Valentine masquerade dance which the ladies of the Hospital Aid will hold on Tuesday, February 14th, and at which prizes for many different kinds of costumes will be given, including one by Mr. J. B. Spurrier for the best paper costume. 25-1c

Last Friday, the Ford Motor Company of Canada, Ltd., gave a free matinee at the Empress Theatre at which Mr. C. G. McNeil, Commercial Manager for this province, and Mr. C. Clark, the Company's Assistant Service Manager, Vancouver, gave interesting and informative lectures on the new Ford car and the Fordson tractor. The pictures shown on the screen revealed not only how cars and tractors are manufactured at Ford, Ontario, but also showed how they are tested as well as exemplifying to what wonderful uses tractors can be put in farming operations. The theatre was packed for the occasion with a very appreciative audience. Mr. McNeil and Mr. Clark left the following morning for Sumnerland and Penticton. 25-1c

THE JUNIOR HIGH SCHOOL

(Continued from page 4)

the step from any given grade to the one above should offer marked difficulty, and the junior high school has as one of its important functions the correction of the condition referred to above. At present the student entering high school is faced by the necessity of entering upon the study of altogether too wide a range of new subjects. Under the reorganized system, curricular adjustments provide that new subjects shall be entered upon gradually, and in the case of some subjects at an earlier age. It is important to note, moreover, that, as pointed out earlier, subjects will have been carefully chosen in the junior high school with a view to senior high school work, also that general survey courses will have prepared pupils for more advanced work. Entrance to the senior high school will thus be an easier and more natural process than at present, with resulting economy of time and improved retention of pupils.

Democratizing Education

(6). The junior high school democratizes education by providing educational opportunities for many who do not under our present system possess them. No one will question the value of sound academic education; there are many, however, who are not equipped to receive it, and because our present programme of studies is largely academic, we find a large proportion of pupils who are unsuccessful. These pupils may have excellent ability along certain lines; at present, however, they are likely to be termed "dubs" and to leave school with a sense of failure which will affect them adversely throughout their lives. The junior high school corrects this condition of the curriculum of the educational survey commission. "It is not to be a preserve for the elite among those who have mathematical or linguistic ability. Because a boy spells 'regive' one way today and another tomorrow, or because he cannot give the perfect tense of the verb 'go', he is not to be denied his three-year course in the middle (junior high) school. To one who makes a study of the junior high school curriculum, it is at once apparent that there is much from which this type of student will benefit and much which will fit him for life and make him a better citizen."

Sympathetic Understanding Of Adolescence (7). Back of the junior high school is a philosophy, a point of view, which has its basis in a sympathetic understanding of boys and girls in the early adolescent stages. No curricula readjustments, no elaborate building and equipment can remedy deficiency in this respect. A successful junior high school presupposes a staff which is by temperament, outlook and training qualified to teach pupils of the age enrolled.

It may be objected that the foregoing represents Utopian conditions which are impossible of attainment, and there is perhaps a measure of truth in this. The test of an idea, however, is its working out in practice, and while no junior high school may attain fully to the ideal set forth above, careful investigation has shown that the well-conducted school of this type does accomplish a great deal along the lines indicated; the testimony of pupils, parents and teachers is to this effect. The increasingly wide adoption of the junior high school idea is the result of its endorsement by sound educational theory and successful educational practice.

COMEDIENNE SHOWS HOW TO CATCH MEN

Flappers Can Profit By Seeing Bebe Daniels In Action

The flapper of today can learn a great deal by absorbing some of the methods of man-catching used by Bebe Daniels in her new comedy "She's a Sheik," which will be shown at the Empress next Wednesday and Thursday, February 8th and 9th. What the dashing comedienne does to tempt a man to give her the cold shoulder is the foundation for one of the best photoplays she has ever made. She is intent upon "getting her man" much against his will, and her tactics are screamingly funny.

The story has a setting in Algeria. Bebe is shown as the Sheik's granddaughter, recently returned from America, where she has completed her education. The Sheik urges her to marry but she will have nothing to do with men until she sees Captain Colton, of the French Foreign Legion. She changes her mind instantly and sets out to capture the elusive captain, using a method which is truly of the desert. Whatever it is, it is the cause of a continuous string of laughter.

Richard Arlen is the object of Bebe's love offensive and is perfectly cast as the handsome captain who finally succumbs to the siren's tactics and charm.

LOCAL FIRM TAKES FINANCIAL AGENCY

A. H. DeMara & Son Represent Guaranty Savings & Loan Association

A. H. DeMara & Son have added to their life and fire insurance agency business local representation of the Guaranty Savings & Loan Association, of Vancouver, an incorporated organization, chartered by the Province of British Columbia, which provides a safe, profitable and systematic plan of saving and promotes the ownership of homes through the loan of its funds to prospective home builders and home buyers.

Savings and loan associations have been in existence in England and the United States for over a hundred years, and the largest of such societies in the world is in Halifax, England. In the United States there are over thirteen thousand of such institutions, exceeding in number the national banks, having more than 8,500,000 depositors and resources in excess of five and a half billions of dollars.

The popularity of such associations is due to the substantial rate of interest guaranteed at the rate of the investment. The Guaranty Savings & Loan Association offers in its monthly savings plan an investment of the highest character, with a guaranteed return of 5 per cent compounded semi-annually. According to law, all monies received by the Association can be lent only on first mortgages on improved property and public securities of the Dominion of Canada and Province of British Columbia. It maintains a Guarantee Fund, subscribed for in cash by the Directors, and in addition is required by law to build up a reserve fund of \$100,000.

TWENTY YEARS AGO

(From the files of "The Kelowna Courier")

Thursday, January 30, 1908

"The annual meeting of the Hospital Society, called for Friday afternoon, proved a dismal failure, as, after the few present had waited nearly an hour, a quorum could not be obtained to proceed with the business. We have had occasion in the past to call attention to the reprehensible lack of interest shown in this most worthy work of benevolence by the very people who, to be consistent with the principles they profess, should be leaders in it. Our remarks then brought us into conflict with some of the local clergy, but we are not afraid to repeat them and to say that it is a public scandal and disgrace that not one clergyman, not one lady and not a single representative of any religious or charitable society or organization was present at the meeting. Another attempt will be made tomorrow (Friday) afternoon to transact business, and it is to be hoped those who should have attended the meeting last week will awake to a sense of their duty in the matter and be present."

The new Baptist Church was formally dedicated and opened for worship on Sunday, January 26th. The dedication sermon was preached by the Rev. H. G. Estabrook, B.A., of Sumnerland, and the dedication prayer was offered by Prof. E. W. Sawyer, M.A., principal of Okanagan College, Sumnerland, who preached at the evening service. The church was filled to capacity, the congregations of the Presbyterian and Methodist churches worshipping along with the Baptists, while their pastors were also in attendance and delivered appropriate addresses. Rev. H. P. Thorpe, local pastor, presided over both services.

The weather report for December, 1907, shows that to have been a very mild month, the lowest temperature being ten above zero on December 30th. Six inches of snow and .52 inch of rain fell during the month.

A short article on the progress of Kelowna gives the following statistics, which will be found interesting for comparison with the present day: City assessment, \$650,000 (1927, \$4,457,673).

C.P.R. freight, imports, 4,088 tons. C.P.R. freight, exports, 4,999 tons. Highest total school attendance, 1907, 212.

Gross postal revenue, nine months to March 31, 1907, \$2,134.33. Number of names on City Voters' List, 369, (January, 1928, 645.)

IN MEMORIAM

In memory of my dear wife, Amy Cushing, who was called away February 1st, 1925. Loved and remembered by all. 25-1c

Novel—surprising—thrilling romance with the screen's most romantic lovers amidst the swirl of the circus ring and the splendor of majestic settings. He was a clown—yet he ruled a nation. She was beautiful and ruled him.

Released by UNITED ARTISTS CORPORATION

F. V. Hudson, Secretary, and Geo. A. Walkem, W. S. Burley, W. C. Dimars, Fred Cronk, M. H. Leggat and Newton J. Ker.

The members of the Kelowna Ladies Choir, which won the Macdonald Cup at last year's Okanagan Valley Musical Festival, have resumed practices under the capable direction of Mr. Donald Macrae. The rehearsals are held on Tuesday evenings at the home of Mrs.

J. N. Thompson, Richter Street. The ladies hope to repeat past successes at this year's Festival, also to stage a concert at a later date.

The lumber merger recently formed in the Pacific Coast States will not affect logging interests in this province, it having been formed there owing to excess of sawmill capacity in the country south of the international line. A similar situation does not exist in B.C.

BANKING IN BRITISH COLUMBIA

IN the Province of British Columbia the Bank of Montreal has a complete Organization, with headquarters at Vancouver, specially organized to give careful attention and prompt service to Banking requirements of the people of this Province.

There are 45 branches of the Bank of Montreal in this Province, the offices being located at every important centre.

Behind this Provincial Organization are the resources of a nation-wide Institution, having a combined Capital and Reserve Fund of over \$60,000,000, and Total Assets exceeding \$830,000,000.

BOARD OF TRADE ELECTS NEW PRESIDENT

(Continued from Page 1)

Cut In Power Rates

"As a result of negotiations conducted by the City Council and Board of Trade with the West Kootenay Power Company, we have been able to obtain a very low rate for large users of electric power, which should be an incentive and an inducement to industries to locate here.

Office of the Associated Growers

"As a result of a request from a number of growers, the Board prepared a brief, outlining the advantages which Kelowna had to offer as a suitable location for the Head Office of the Associated Growers. This matter was brought up at this time owing to the early expiration of the contract between the growers and the Associated, and also because we understood that the lease of the office premises at Vernon expired in March, 1928. On the latter point, however, it would appear that we were misinformed, the facts being that the President of the Associated Growers, at the time the lease was made, signed the lease on the office premises for eight years, although the minutes of the Directors' meeting authorizing the signing of that lease sanctioned the lease for five years only.

"This brief having been made public, it now rests with the growers and their directors to decide for themselves. The Board has done all that it can do in this connection, and it would be impertinent on our part to interfere with the internal affairs of this or any other organization.

Supplementing the report, President Trench, added, in regard to the question of location of the Associated Growers' head office, that the position taken by the Board was that, a brief having been presented for Kelowna, the question was entirely for the growers to decide. The Peachland, Westbank and Glenmore growers had gone on record as favouring Kelowna as the site of the office, and Penticton and Summerland were also understood to favour a change from Vernon. He suggested, therefore, to the incoming Council that they approach the two latter centres and ask them to pass a resolution in the same terms as voted upon at Peachland and to forward it to the Associated Growers.

As to improvement of the mail service, he reported that, as the result of an interview with P.O. Superintendent Murray by Mayor Sutherland and himself, that official had fallen in with the suggestion that the C.N.R. might be used to provide additional mail facilities and had promised that the proposal would receive consideration from the postal authorities. It would be advisable, Mr. Trench believed, to have the various communities along the C.N.R. from Kamloops to Kelowna forward resolutions to Ottawa in support of the request for service.

Some of the members might have noticed a proposal that mail order houses should be taxed by the Dominion, and that the proceeds of the tax should be distributed to municipalities whose trade was affected by the operations of such firms. In this connection, he wished to draw the attention of local merchants to an editorial in the Vancouver Sun, which pointed out the manifest advantages of Vancouver as a site for mail order businesses and incidentally stated that they required little capital at the outset.

In conclusion, President Trench expressed gratification that the office of the Committee of Direction had been located in Kelowna. There were rumours that it might be moved, and every effort should be made to retain it.

"We were successful in obtaining the erection of road signs throughout the district, and I am pleased to report that, due to the public enterprise of our citizens, an office of the Automobile Club of B. C. has been established here. "After protracted correspondence, Dr. W. H. Sutherland, Minister of Public Works, visited Kelowna and, at a meeting with representatives of the City Council and Board of Trade, assured

Mission Creek, and he was able to say that the same arrangements would be made this year. The City would look after the details of the work and the Government would be billed with their share of the cost. (Applause.)

Publicity

For the Publicity Committee, Mr. H. V. Craig, chairman, presented the following report:

"We have, during the past year, been using for publicity purposes copies of the special Kelowna issue of Country Life in B.C., which was published in 1926. We went to considerable trouble in giving the editor of this magazine photographs, manuscript and other material for an Okanagan special issue which was published in August, 1927. We are sorry, however, that the magazine when it was published was not so good as we had anticipated, and we were not able to carry out our original intention of purchasing a number of copies of the inside pages of that issue which were devoted to Kelowna.

"It will be necessary early in the new year to prepare and have printed some folders or other suitable material containing information about the city and district in a concise form that may be used by the Board.

"The following grants were made: to the Kelowna Radio Association, for installation of a remote control for broadcasting, \$150; to the Kelowna Musical Festival, a sterling silver cup, to be competed for by adult male choirs; as a donation to the Kelowna and district exhibit at the Vancouver Winter Apple Show, \$100. We also expended \$100 for the work of grading and making passable the road to Chute Lake.

Speaking in reference to the report, Mr. Craig said he considered the cup presented to the Okanagan Musical Festival was a very good form of publicity, and the money contributed towards the apple exhibit at Vancouver was also a wise expenditure. There were some differences of opinion as to the publicity value of radio broadcasting, but the grant had been made. The \$100 contributed towards the Chute Lake road had been to supplement an amount of \$355 raised by popular subscription, largely through the efforts of Mr. J. B. Spurrier, and the money had been used to do further work in addition to that voluntarily performed by a body of thirty-five able-bodied men under the command of Mr. S. T. Elliott. Practically all of the road gang gave a day's work free, and the total result was that the old tote road had been opened through to Chute Lake and made passable for cars. Practical all the rock had been taken out that previously offered danger to autos, and the road made accessible the excellent fishing in Chute Lake.

He suggested, in conclusion, that, when choosing a new Committee, care should be taken to secure an infusion of fresh blood. Out of 175 members, only about two dozen took an active part in the work of the Board, and it is a help to arouse interest if new blood was introduced.

Entertainment

For the Entertainment Committee, Mr. T. G. Norris presented a report as follows:

"Our first activity for the year 1927 was the entertainment of the B.C.F.G. A convention, which was held here in January.

"We also had the pleasure of a visit from Sir George Foster, who, on August 5th, was entertained by the Board and gave an interesting address on the League of Nations.

"On September 12th, we had as our guest General Sir William Furse, K.C. B., and heard from him of the work of the Imperial Marketing Board. At different times during the year we endeavoured to get the following gentlemen in here but were unsuccessful: Hon. J. G. Coates, Premier of New Zealand; Rt. Hon. L. S. Amery, Secretary for the Colonies in the British House of Parliament; Mr. F. A. Pauline, Agent-General for B. C. in London.

"We also tried to get the delegates to the Canadian Chamber of Commerce convention, which was held at Vancouver, through this country, but their itinerary did not permit of them leaving the main line."

In submitting the report, Mr. Norris expressed cordial appreciation of the invaluable service rendered by the Secretary of the Board in arranging all the details in connection with the entertainment of guests and of functions held during the year. He felt that the entertainment extended to the delegates to the two conventions of the B.C.F.G. A. held in Kelowna during the past year, had done a great deal to cultivate a spirit of goodwill amongst them. In addition to those mentioned in the report, delegates of the B. C. Dairywomen's Association had been entertained, also visiting officials of the Automobile Club of B. C., and a number of individuals, semi-privately and publicly, they all had enjoyed their visit, and the fact that it was possible to entertain them here was of benefit to Kelowna.

Roads and Transportation

For the Roads and Transportation Committee, Mr. N. M. Foulkes submitted the following report:

"During the past year we have taken up a number of matters in connection with this subject, and, as a result of our endeavours, we have been able to obtain considerable concessions with regard to the ferry service. When the new ferry came into operation a difficulty was experienced with regard to the handling of freight for settlers on the west side of the Lake. This has been adjusted satisfactorily. Partly as a result of our endeavours, we have obtained a flat rate on car tolls of 75c. "We were asked recently for a recommendation with regard to a winter schedule for the ferry, and submitted a recommendation that the service be continued as heretofore.

"An endeavour will be made in the early summer to obtain a flat ferry once or twice a week, which will be of great benefit to the settlers on the west side.

"We were successful in obtaining the erection of road signs throughout the district, and I am pleased to report that, due to the public enterprise of our citizens, an office of the Automobile Club of B. C. has been established here. "After protracted correspondence, Dr. W. H. Sutherland, Minister of Public Works, visited Kelowna and, at a meeting with representatives of the City Council and Board of Trade, assured

GLENMORE

The schoolroom was crowded on Friday evening for the Community Supper, which had been postponed from December, owing to the heavy snowfall. Postponed events have a propensity to fall flat, but this supper was a great exception.

The men folk were evidently out to vie with the ladies on this occasion, and they only were in evidence in catering to the wants of those assembled. They deserve hearty congratulations for the way they served a piping hot dinner to such a large number of guests. Doubtless the ladies will accord them another opportunity in the future.

Before the evening's programme commenced the Rev. A. McMillan spoke a few appropriate words of welcome and in a happy anecdote showed that when a thing is excellent it needs no praising: the cooking of the Glenmore ladies always speaks for itself.

A party of friends came from town and gave a delightful musical treat. Mrs. Trenwith sang in fine style several songs, as also did Mr. Cook. Miss Phyllis Cook accompanied them and also Miss Isobel Murray, whose sweet violin solos were most delightful. Mr. K. Sutton rendered several pianoforte selections. Mrs. Delmar gave two recitations in her wonderfully descriptive manner.

Mr. R. Geary installed an Atwater Kent radio for the evening, in which the juvenile members were specially interested. The second part of the programme was devoted to radio numbers. A hearty vote of thanks was accorded to these ladies and gentlemen who so willingly gave their time and talents to make the evening such a success.

Friends who met Mrs. Barnes on her visits to Glenmore, her last one being in 1927, will regret to hear of her passing away at Lethbridge recently, following a seizure soon after her return home.

Mr. E. Lawley has our sympathy in the fire which destroyed his home and store on Sunday. Mr. Lawley was associated with the early days of Glenmore, when he came out twice weekly, taking and filling orders for K. Oxley.

We wish Betty Snowsall every success in her work at the Kelowna Hospital, where she is commencing her training.

Mr. Vic Lewis, who has spent several weeks all the Coast, returned home on Tuesday.

us that something would be done in the near future with regard to the Carmi road.

"More recently, we have taken up the matter of the level of Okanagan Lake, and at a meeting held this month we were assured by Mr. Doncaster that every effort would be made to take care of the situation."

Mr. Foulkes said that Mr. Craig had stolen his thunder to a certain extent by reporting on the Chute Lake road, and there was not much to add to what was stated in the report. Hon. Dr. Sutherland, Minister of Public Works, had left the impression, on his visit to Kelowna last year, that something would be done as to the road to Carmi, but the matter had got no further. Attention of the provincial authorities was called to the need of keeping the roads on the west side of the lake free of snow.

Financial Statement

The financial statement, as published in last week's issue of The Courier, was submitted by Mr. C. B. Winter, who considered it satisfactory but urged the members to induce others to join, as the work carried on by the Board was beneficial to the whole community, and the Board should have wide support.

The various reports and the financial statement were adopted, on motion. In moving the adoption of the financial statement, Mr. O. St. P. Aitken expressed cordial thanks to the heads of committees for the work they had done during the past year. Personally, he very much appreciated their devotion of so much time to the work of the Board.

Mr. Trench thought the Publicity Committee should thank Mr. Maddin for the matter referring to Kelowna which was included in a recent issue of the Empress Theatre programme.

Election of Officers

Election of officers having been reached on the agenda, Mr. D. K. Gordon spoke in praise of the service rendered by President Trench during his two years of office. While the members of the Board would like to extend his term, that was too much to expect from any one, hence he had pleasure in nominating Mr. N. M. Foulkes, whose efficient work he had observed while a member of the Executive Council.

Nominations were closed, on motion of Messrs. Rees and Elliott, and Mr. Foulkes was elected the new chief of the Board.

On vacating the chair, Mr. Trench welcomed the new President and asked the Board to give him the same liberal measure of assistance and support as was extended to the speaker during his term of office.

Returning thanks for his election, President Foulkes said it was a matter of regret to him that a more representative business man could not have been chosen for the office. It was a compliment to the banking fraternity that they were so often chosen to fill such positions. Bankers were often birds of passage, but when they came to Kelowna they knew a good thing and wanted to stay. He wished again to thank the members for the honour done him and he promised to give the best service in his power.

For the office of Vice-President, Mr. H. V. Craig submitted the name of Mr. T. G. Norris. Nominations were promptly closed, on motion of Messrs. Trench and Elliott, and Mr. Norris was elected.

A SOUND INVESTMENT---

with a splendid record, suitable for trusts, estates and conservative investors!

We have been borrowing money for the past eighteen years from the general public against Guaranteed Mortgage Certificates. During that period we have never failed to pay the interest on the Certificates when it became due, and we have always paid the principal amount of the Certificates as they matured on the date they were due.

They are an excellent security for the most conservative investor, bearing interest at 5 1/4% per annum payable semi-annually.

During the past eighteen years there has not been one year in which the Company has not earned the interest on its Certificates several times over and it has never failed to pay a dividend on its Common Stock.

We would be pleased to give full particulars of this gilt edged security to any prospective investor.

You also help to build up your own community when you invest in these Certificates.

BOARD OF TRADE ELECTS
NEW PRESIDENT

(Continued from Page 6)

of the Board.

Eighteen nominations were made for the ten seats on the Executive Council. Messrs. E. O. MacGinnis, W. O'Neill, H. V. Craig and E. C. Weddell withdrew, on the ground of pressure of other duties, but a ballot was required, for which Messrs. W. Crawford, H. F. Rees, E. C. Weddell and W. E. Adams

were appointed scrutineers. The result was that the following were elected: Messrs. F. M. Buckland, D. Chapman, D. K. Gordon, F. W. Groves, A. J. Hughes, O. L. Jones, W. Maddin, Geo. S. McKenzie, W. R. Trench, C. B. Winter.

City Council And Board Mutually Appreciative

While the ballots were being counted and checked, Mayor Sutherland, on behalf of the City Council, spoke of the team work done by the Council and the

Board of Trade for the good of Kelowna. He said the Council greatly appreciated the amicable relations that existed, thus enabling much more efficient work to be carried out in the interests of the city and district than if a spirit of variance existed. The Council had received a great deal of assistance from the Board, and he felt that the latter appreciated, on their part, what little aid the City Council was able to extend to them. (Applause.)

President Foulkes reciprocated the sentiments expressed by His Worship.

New Members

On the motion of Messrs. Trench and Craig, applications for membership from the following were accepted and they were duly elected members of the Board: Messrs. E. R. Bailey, Jr., F. V. Royle, W. H. Ribelin, J. Dayton Williams, Brig.-Gen. A. R. Harman.

Votes Of Thanks

In highly appreciative terms, Messrs. Craig and Norris moved a vote of thanks to ex-President Trench for his splendid work for the Board, and the

motion was carried amid a thunder of applause.

In reply, Mr. Trench assured the members that anything he had been able to do for the Board and for Kelowna had been repaid amply by the results achieved and by the kindly remarks made in reference to him that evening.

Votes of thanks to the retiring members of the Executive Council and to the press for reports of meetings and other activities of the Board were accorded on the motion of Messrs. P. Capozzi and K. MacLaren, and Trench and Elliott, respectively.

Secretary And Auditor Re-elected

Proposed by Mr. Winter, and seconded by Mr. Trench, who both spoke in warm praise of the invaluable service given by him during the past year, with President Foulkes adding a tribute, Mr. E. W. Barton was unanimously re-elected as Secretary.

Responding to calls, Mr. Barton said he was very grateful to the members for re-electing him to his fourth term of office, and he hoped he would merit their approval and confidence as much in the future as apparently he had done in the past.

On motion of Messrs. Aitkens and DeMara, Mr. D. Currell was re-elected as Auditor.

The Secretary stated that he had been requested by Mr. C. Tucker, who was a very modest man, to express his thanks for the very pleasant evening he had enjoyed.

A letter of apology for inability to be present was read from Mr. F. M. Black, Chairman of the Committee of Direction.

Additional Mail Facilities

A lengthy discussion took place as to the possibility of obtaining additional mail facilities through utilization of the C.N.R., further action in that regard ultimately being left with the Executive.

Visits Of Speakers

Mr. Rees suggested, in regard to the efforts made to secure public men to speak before the Board, that it probably would be easier to make arrangements if the various Boards of the Okanagan co-operated in holding their meetings on successive nights, so that such speakers could cover the principal towns in succession.

The suggestion was considered a valuable one by President Foulkes and will be kept in mind.

Okanagan-Cariboo Trail Association

Mr. Elliott informed the Board that the Okanagan-Cariboo Trail Association had decided that this year local directors of that body must be chosen by their respective Boards of Trade or Chambers of Commerce at their first meeting of the year, hence the Kelowna Board should make their choice that night.

Mr. Trench pointed out that the matter heretofore had always been handled by the Executive, and it was decided to follow the same course this year.

The meeting then adjourned, the hour being nearly 11.30.

WINFIELD

The sympathy of the community is extended to Mr. and Mrs. Lawley in the loss of their home and store by fire on Sunday afternoon.

Mr. and Mrs. Lawley were out for lunch but fortunately within sight of their premises and they noticed the fire just as it was starting. By the help of the neighbors, who collected very quickly, most of the furniture and personal effects were saved, but some clothes were burned, with dishes and kitchen utensils. Nothing was saved from the store except the cash register and adding machine. The sale register and the two cups which were won by the baseball team, one from Kelowna, the other from Lumby, were destroyed.

Mr. Lawley intends to build again at once. In the meantime he will carry on in a small way in a nearby building. Mr. and Mrs. Lawley are staying for the present with Mr. and Mrs. W.

BEHIND AND WIN OUT
(Continued from page 1.)

unity to work the ball in close. With the score 6-1, Kelowna called time out, but the visitors kept scoring as McKelvie came up the side and dropped in a neat one. Keith added a free shot, the Crusaders increasing their lead to 9-1. Up to this time the visitors had not missed a direct shot for the basket.

Meikle scored Kelowna's first field goal as he took a pass from Williams, worked up the side, and shot when checked. McKelvie came up again to offset the two points, leaving the visitors ahead 11-3 at the halfway mark. Kelowna appeared to be stale, and they had the work of the guards to thank for the smallness of the score, as the Crusaders were deadly shots from close in.

The Vancouver boys had kept Kelowna shooting from a distance throughout the first half without any success, although several efforts found their way around the rim, and they continued to force the Hornets to shoot from well out as the second half opened. Five minutes into action, Kelowna started the offensive which eventually won them the game. Kennedy made the score 12-3 on a free shot, when Williams, on a dribble down the centre, ended by rolling the ball in. Meikle took a nice pass from Williams, and Jack Parkinson went in fast to slip in another as Kelowna scored a rebound and worked the ball in close. "Boney" added a free shot and the score was 12-10, Kennedy adding to the lead on an easy rebound as the Crusaders forced the play in turn. Kelowna continued to worry the Crusaders with their bustling style, Williams adding another basket from close in, Kennedy evening on a pretty individual effort. Free shots brought the score to 17-14 in the visitors' favour, when Henderson finished combination play with a long one. Jack Parkinson, who had been off with an injured knee, came on to finish another combination play, in which Williams, Gayton and Henderson participated. Kelowna were ahead for the first time, 18-17. Couveller's free shot came to tie the score with three minutes to go, during which there was no further scoring, the visitors stalling for time and both teams having opportunities to win through free shots. Williams' individual rush and conversion of a rebound from the board in the second period of overtime decided the issue in favour of the Hornets.

Perhaps no game has given the spectators as many thrills, and certainly the work of the visitors was more finished basketball than any other visiting team has so far displayed.

Perhaps the outstanding players of the evening were Kennedy and Couveller of the visitors, the former being the leading scorer and the pivot of the Crusader attacks, while Couveller's speed and tricky play has not been equalled in any contests on the local floor. Williams, in the second half, was outstanding for his tireless work, while his valuable rebounding was a great asset. With Meikle and Jack Parkinson also led to the rally which enabled the Hornets to eventually come out on top. Sterling defence play by Dick Parkinson and Henderson was a large factor in the small score secured by the visitors, who Couveller and Kennedy boast two of the leading scorers in the Vancouver league. Gayton was bottled up effectively, and had little opportunity to show his true form. The locals could not locate the net with their long shots, and the play of Henderson and Jack Parkinson suffered thereby. The work of McKelvie and McIntyre at guard fully lived up to their reputation as two of the best guards in Vancouver. "Bud" Weddell, assisted by Dr. Underhill, handled a very difficult contest with a great deal of credit.

CRUSADERS: Couveller, 2; Keith, 3; Kennedy, 9; McIntyre, McKelvie, 4; Wood, Total, 18.
KELOWNA HORNETS: Williams, 8; Gayton, Henderson, 3; J. Parkinson, 4; R. Parkinson, 1; Meikle, 4, Total, 20. Personal fouls: Williams, 2; Gayton, 3; R. Parkinson, 2; Meikle, 2; Keith, 1; Kennedy, 3; McIntyre, 1; McKelvie, 3; Wood, 1.

Local Senior B Squad Loses To Summerland

Kelowna Senior B squad displayed the same weakness as characterized their previous appearance against Summerland, when the forwards did not check back, nor combine to work the ball in under the basket, with the result that the visitors' bustling style of play brought them a 24-14 victory. Purvis, who ran wild on his last appearance, was held well in check, four of his six baskets being scored on rebounds secured through his superior reach in picking the ball off the boards. The locals were trailing 12-7 at half time, but kept the visitors from scoring in the second period, with the exception of Purvis, who scored all Summerland's field goals on rebounds. Purvis and I. Adams were outstanding for Summerland, while lack of cohesion and team work spelled defeat for the locals, although there were flashes of individual play.

SUMMERLAND: I. Adams, 7; J. Purvis, 13; E. Wilson, 2; C. Adams, 1; Solly, Dunsdon, 1, Total, 24.
KELOWNA: Taggart, McCarthy, 4; Loane, Longley, 4; Day, 4; Rolston; Brown, Cook, 2, Total, 14.

Summerland Girls Fail To Appear

Summerland girls did not appear for their scheduled preliminary against Kelowna, and a scratch team was hurriedly picked up among High School and junior players to oppose the Seniors. The youngsters tried hard but their shooting was off the mark, although they held the Seniors to a 42-2 score in the second half after M. Kincaid had changed teams.

SENIORS: J. McLeod, 6; G. Griffith, A. McClymont, 12; M. Kincaid, K. Ryan, 2; F. Lupton, Total, 20.
HIGH SCHOOL: M. Meikle, 2; F. Lupton, M. Burtch, 2; M. Poole, N. Dore, J. Foster; M. Kincaid, Total, 4.

Vancouver Merolomas Due Here Saturday

Word received by officials of the Kelowna Basketball Association indi-

cate another treat for hoop fans this Saturday with the arrangement for an appearance of Merolomas of Vancouver. This Senior B team, while probably not as well known to basketball followers as some of the contenders in the Senior A league, have a wonderful record, and are expected to be seen in Senior A division next year.

To date the team has not lost a league contest and has been one of the best drawing cards in exhibition contests against Senior A squads. Crusaders were held to a draw in full time, to win out in the extra period, and a like fate met Varsity when they opposed Merolomas. One of the biggest upsets of the year was the defeat of New Westminster Adanacs at the hands of this team, so that their record is one which several Senior A squads cannot approach. According to press reports from Vancouver, Merolomas are worthy opponents for Kelowna, and are a well balanced aggregation, not boasting any stars, but playing brilliant combination.

CRICKET

District Association Holds Enjoyable Smoker

Entertaining a large number of players and supporters, the executive of the Kelowna and District Cricket Association staged an enjoyable smoker concert in the Canadian Legion club-house Monday evening. It was also the occasion of the presentation of the Knowles Cup for the championship of the District League, won last year by the Occidental Cricket Club.

President A. L. Hayes presided, assisted by members of the Cricket Association executive. The chairman, in opening the programme, after calling for silence in memory of Field Marshal Sir Douglas Haig, referred to the work accomplished by the local league, re-organized three years ago, which had led to the rapid growth of cricket throughout the valley, and to the spirit in which the matches had been played. He explained that matters affecting the league's operations and reports would be presented at the annual meeting of the Association, but pointed out that a very successful year had been experienced, both from a financial standpoint and from the viewpoint of interest.

Vice-President Owen Jones, in presenting the Knowles Cup to Harry Lee, for the Occidental Cricket Club, expressed the opinion that the winners fully deserved the honour, as they had proved themselves good sports since their entry into local cricket, and had lived up to the name which cricket has as representing true sportsmanship. A cup donated by Geo. Bolton for the highest batting average among Canadian Legion players during 1924, which was won by W. Ball, was turned over by the winner amidst applause to the Association, to be presented at the end of the 1925 season to the batsman who completed the season with the highest batting average among all players, the only stipulation being that the winner should have taken part in every league contest for his club. Mr. Ball pointed out that, as he had only taken part in half the matches played during the season by the Legion, and had won the cup, he felt that the trophy would accomplish considerable good by being awarded to the batsman who turned out to every match, and who at the end of the season stood first in batting averages.

An excellent musical programme was provided during the evening, the Canadian Legion four piece orchestra being well received for their excellent rendering of orchestral selections. Others who contributed to the entertainment were C. Whitehorn, A. L. Hayes, Bob Seddon, J. C. Taylor, Harry Lee, T. Finlay and A. G. Ferrier, the last named seldom being heard to better advantage than in his rendition of "In Flanders Fields."

President Hayes announced that the annual meeting of the Kelowna and District Cricket Association would be held on Monday, March 5th, at the Canadian Legion club rooms, and requested all players and followers of cricket to keep that date open. The president also expressed appreciation of the valuable publicity afforded by the local and Coast press, which had materially assisted in the revival of cricket throughout the Okanagan.

ICE HOCKEY

Kelowna Wins At Kamloops

Kelowna hockey promoters who have organized under a different flag than that carried last season made a victorious debut on their invasion of Kamloops last Thursday night and, despite the fact that they were playing their first inter-city match of the season and were without the services of two of their regulars in McLeod and Croxson, they surprised the Main Line city puckers, who have overcome all opposition this winter.

The first period opened with Kamloops over-anxious to swarm the Kelowna net and goalie Stan Burke had his hands full of flying pucks for many minutes. Kamloops drew first blood with two goals but through some nice stick handling Hal Bourke and J. Joyal each scored for Kelowna, bringing the count two all.

Our boys took the ice in the second session with a reorganized line-up. Skipper Bourke going to centre and J. Joyal and Gordon to wings, while Vic Fowler lined up at defence with Buse. Joyal and Buse drove two goals each from the left boards in this stanza and the rest of the team checked the homesters to a standstill, although Kamloops were dangerous at all times, and the period ended with Kelowna one goal up.

Kelowna still carried the fight in the final canto and added two more tallies. Kamloops replied with a lone goal, which brought the final result 8 to 6 for the Orchard City crew.

The play was very fast throughout and the ice was in keen condition to give any hockey crowd their money's worth. Owing to non-publication of the match in the Vancouver papers, Kamloops individual scoring honours are not available but the line-ups read as follows:

KAMLOOPS: Red Milton, Gibson, Bruce Dalgleish, Johnny Craig, Wolfe, Sine Dalgleish, Carl and Todd.
KELOWNA: Stan Burke, goalie; Hal Bourke (1), Chas. Joyal (2), Sandy Gordon, Johnny Muscato, and Bill Jones forwards; Ted Buse (2), and Vic Fowler (1), defence.

CARD LEAGUE

	P.	W.	L.	D.	Pts.
I.O.O.F.	16	11	3	2	24
Canadian Legion	16	6	8	2	14
Sons of England	16	5	11	0	10

Card League fixtures will be resumed tonight, when Canadian Legion and Oddfellows open the second half of the schedule drawn up at a meeting of the Card League committee last week. At present the I.O.O.F. have a commanding lead, but with eight points possible each week, both the other entries have a chance to at least close the gap considerably.

The schedule as drawn up by the card league committee calls for games each Thursday until March 8th, the fixtures being:—
Feb. 2, Canadian Legion v. I.O.O.F.
Feb. 9, S.O.E. v. I.O.O.F.
Feb. 16, S.O.E. v. Canadian Legion
Feb. 23, I.O.O.F. v. Canadian Legion
Mar. 1, I.O.O.F. v. S.O.E.
Mar. 8, Canadian Legion v. S.O.E.

HIGH SCHOOL BASKETBALL

Kelowna Defeats Penticton In Two Hard-Fought Games

Last Friday evening, in the Scout Hall, the Kelowna High School won two hard-fought basketball games from the Penticton boys. In the preliminary to these games the High School girls out-played and out-scored the ex-High School girls by a score of 17 to 16.

The Kelowna Juniors started off with a rush and by a speedy short passing game established a lead of 11 to 4 in the first half. The Penticton boys fought hard in the second half, but the lead was too great and they finished on the short end of a 16 to 9 score. The feature game of the evening was a hard-fought one from the opening whistle, with play about even on both sides. The locals drew ahead in the last half but two long shots by White, the Penticton guard, tied the teams at fifteen all, and just before the final whistle a basket by Poole, the Kelowna captain, settled the issue. Final score: Kelowna, 17; Penticton, 15. However, the Penticton boys had their revenge on Saturday, when they swamped the local hockey team by a score of 6 to 0.

Kelowna Girls: A. Hughes, A. B. Caruthers, D. Cathley, B. Harvey, M. Meikle, G. Cherry, F. McCarthy.
Kelowna Juniors:—Pettman, Anderson, Lucas, Stuart, Cherry, Dunn, Treadgold.
Kelowna Seniors: Chater, Poole, Weatherill, Wright, Meikle, Longley, Taggart.

WHEN HOLLYWOOD FAIRLY
BRISTLED WITH POLICE

Realistic Scenes Filmed For Intense Action In "Underworld"

One hundred policemen to the square block recently made Paramount's Hollywood studio the most heavily patrolled spot in the United States.

Three hundred officers, armed with automatics and machine guns, were employed in the climax of "Underworld," Ben Hecht's amazing story of modern crime, which is due to be screened at the Empress Theatre on Friday and Saturday, February 3rd and 4th.

The sequence showed George Bancroft as the gangster king, barricaded in a house after his escape from Murderers' Row and determined to die fighting.

The constant firing resembled a miniature war on the streets of a city. Finally, hand grenades to blow the house to bits were brought into use, and the fight ended with the gang leader sacrificing his life to save that of the girl he loved, portrayed by Evelyn Brent.

We have some excellent buys in City and Farm Lands. If you are interested, call and see our listings.

OKANAGAN CENTRE

The annual congregational meeting of the United Church was held Friday afternoon, the 27th. During a social half hour tea was served by several of the ladies, following which the financial reports of both church and Sunday School were read. While in not quite as good shape as at the beginning of the year, all obligations have been met, with a small balance on hand. Owing to the epidemic of paralysis and following that the unavoidable absence of the pastor, no services were held during the last quarter of the year which undoubtedly affected the receipts.

The Managing Board stands the same for another year with the addition of Mrs. Macfarlane.

Mrs. Venables was a week-end guest at the home of Mr. and Mrs. Seeley at Wilson's Landing, Mrs. Seeley returning with her on Monday for a few days' visit.

The second of a series of card parties for the benefit of the Community Hall is being held on the night of February 2nd, at the Sun Dial.

On Thursday evening many badminton enthusiasts took the first opportunity of playing on the full-sized court made available by the enlargement of the Community Hall. This advantage

has been made possible by the generous contributions of both money and work from almost the whole community, and the promoters are to be congratulated on the speed with which the undertaking has been completed.

Mr. E. C. Maile returned on Friday last from a six weeks' holiday in Toronto.

Mr. Thomas Andrews has been elected secretary of the Penticton Board of Trade.

St. Valentine's Day

DON'T FORGET!
FEBRUARY 14th
